INTERIOR
DESIGNERS**

SHIVANG JANI

Elevate Your Interior Design Business Unleashing the Power of Effective Marketing

In this e-book, we will explore how My marketing services can benefit interior designers like You by addressing their business needs and increasing their revenue. By understanding your pain points and providing practical solutions, we aim to help you acquire more customers, generate more revenue, and ultimately elevate your business to new heights.

The Power of Effective Marketing for Interior Designers

Almost Every interior designer has that question: **How can I scale my interior design business? Or I am new in business. How can I get More Customers?**

Here is the **Step-by-step process** that will generate more **Revenue** In your Interior designing Business.

#1.

Landing Page

When a Service comes out in market there are cores of people need your Service

But they don't know about your service

In the early time people sold their products and services Physically that we called a salesman But In the digital era Our Page is our salesman.

We design a **Landing page** so we build a customer acquisition journey to those who need our services.

To put them Into Our zone where Copywriting comes into the Picture.

#2.

What is Copywriting

a marketing or advertising technique that involves writing content to encourage consumers to buy a product or service

Landing page and Copywriting is a customer acquisition Journey

These Two Major Things are ready.

#3.

Then Comes an ultimate Thing that every business requires.

That is **Customers**. So By Facebook Ads We Will send customers on our Landing pages.

“Paid media is a real game”

To keep our conversion Optimize we have to focus on two things

- 1) Copywriting
- 2) Growth hack (multiple tactics)

#4.

Biggest Mistakes of Online Interior Designers Business!!

When Any Person comes from a social media link or Paid media and Come on website he ends up Confusing and Leave the page.

So we build Landing page, not a website.

“Website Don’t sell, Landing pages Do”

One Landing page
Only One Objective

We End Up Getting more **Qualified** leads

#5.

How not to lose 50% of Customers!!

- 1)Page Load speed
- 2)Mobile responsiveness

Speed timing -This is important that when any one comes to our landing page it should load instantly. If it take times they will leave us

Mobile accurate - Most of the people use mobile nowadays. They can easily watch our content on phones.

#6.

10X your online business using this!!

This generate 70-80% revenue in business by doing this

#1 Email Marketing - when communication starts there is a transaction.

The Money is in the “List”

Now Keep All this stuff Together you will Run your Business In full **Automation**.

So these were the top objections that people face when they get into really Online Business with the clients.
