My family have doing production of garments for more than 15 years. The business started by my father & from last 5 Years my Brother own it. But Since then they Hardly get 30-40% profit. As they deal wholesale (B2B) only. I'm a teacher and had no idea about Marketing field. But after joining bizgurukul & learned Digital Marketing, I suggest them to sale products online & deal in (D2C) too, where they get maximum profit & I promise them to bring the costumers. Anyhow! 15-Days ago Online journey of @balame_traders is begin & I'm so happy to let you know that we start getting Orders from different states & also getting More than 100% profits. I would like to THANK bizgurukul for making this possible & for providing the best learning 🌟❤️ I implement it in my professional life & as well as professional life & the Results are super Amazing 🌟❤️ THANK YOU BIZGURUKUL.
