SUMU **QUALITY INSECT SCREENING**

Sumu insect screening has developed an excellent reputation over many years for high quality materials, durable performance and exceptional standards of workmanship.

This impressive range features an extensive array of quality insect screening varieties to suit all kinds of different applications.

Choose from a wide selection of fabric types which include Fibreglass, Miniweave, Duraview, Pet Mesh and Enclosure Plus as well as an excellent choice of metallic options which feature Aluminium, Tufflite, Tuffscreen, Stainless Steel and Bronze.

Each insect screening variety within the range offers its own unique set of advantages and benefits as further detailed within this brochure.
