Introduction Who We Are

We are a community to inspire, upskill and empower educators to be the best version of themselves personally and professionally.

TeachersHelpTeachers was started by Rakhee Chhabria as a Facebook group in the year 2015 exclusively for educators to share/ learn and support other fellow educators thus bringing together the teaching community and helping evolve education.

Benefits for Schools

- Pool of resources for schools, which can be used by the staff members.
- CPD (Continuous Professional Development of Educators) material for teachers along with online courses which the staff can avail.
- THT MEMBERSHIP CARD to the staff which enables the staff to avail discounts/benefits/ VIP pass at various educational events.

Why TeachersHelpTeachers

- Collaborative learning for Educators. Help the Educators evolve by learning from other Educators and their expertise, thus creating a global social learning platform.
- A one stop solution to upskill Educators through online programs/ courses/ webinars and to keep up with the latest trends in education.
- Enables Educators to earn supplement income by selling their resources and online courses
- Helps Educators source curated content across the globe.
- Subject forums for Educators to chat and seek ideas from one another
- Blogs on Education to help Educators share their opinions
