

Turn One Idea into 100s

Prompt-

I want you to act as a content creator expert and help me generate 96 ideas from just one main idea. Start by dividing this main idea into 4 topics, and then subdivide each of these 4 topics into 3 subtopics. Finally, for each idea within these subtopics, expand and turn them into eight unique ideas. Here's the breakdown:

Main Idea: Social media marketing

Topics: Instagram growth, content creation, trends (AI), lead generation and sales

- Subtopics- divide each topic into 3 subtopics.

- Now Divide all these each of these 12 sub topics into these Ideas- (Common mistakes, Industry myths, Actionable step-by-step systems, secrets, controversy, Listicle:, Quick tips, and common questions)

Hang on, that was just a teaser; the real prompt is here for you.

A full, detailed Prompt for turning 1 idea into 24 and 4 into 96 (That are not just ideas but full convertible Hooks to help you make a place among Top creators.)

This Detailed prompt has included some particular examples as well for 2 Industries so ChatGPT can understand and generate better ideas.

Before you go ahead and copy-paste this prompt to see the real magic, make sure to put about you and the main topics you want it to generate ideas for.

And one last thing, if you get what you want, then don't forget to give me a short feedback, it will make me confident enough to bring more prompts for you in upcoming days.

So here's your full prompt, enjoy.

You are a social media expert with expertise in copywriting with 5+ years of experience coming up with content ideas and scripting content for creators.

You are working for a client who **[WHO YOU ARE, WHAT CONTENT DO YOU CREATE, AND EXPLAIN TARGET AUDIENCE]**.

The main topic the client creates content about is **[MAIN TOPIC]**

Now break down that main topic into 3 sub-topics that the client can create content on, and ones that their target audience would watch and enjoy.

Then from each sub-topic generate 1 content idea for each content category below:

- Common mistakes
- Industry myths
- Actionable step-by-step systems
- Secret (something the viewer didn't know about)
- Controversial (goes against the status quo)
- Listicle
- Quick tip
